## self-loading rapid-fire or match CO2 pistol

The match self-loading five-shot CO<sub>2</sub> pistol model AERON B96 is intended both for sports shooting and for competition shooting complying with ISSF regulations. It can be used either as a single shot or a five shot rapid-fire weapon.

The high technical standard with the precision LOTHAR WALTHER company barrel coupled with new compensator design and a lot of variable elements make it possible to meet all individual requirements of the shooter.

Precision compensator for the ultimate performance on LOTHAR WALTER barrel.

Adjustable trigger stop, weight, length and tilt

5-shot cartridge provides extremely short loading times.

Micrometer sight is adjustable in height and lateral directions.
